ISBN : #0262693194 | Date : 2005-04-29

Description :

PDF-d7035 | In recent years, water resource management in the United States has begun a shift away from top-down, government agency-directed decision processes toward a collaborative approach of negotiation and problem solving. Rather than focusing on specific pollution sources or specific areas within a watershed, this new process considers the watershed as a whole, seeking solutions to an interrelated set o... *Swimming Upstream: Collaborative Approaches to Watershed Management (American and Comparative Environmental Policy)*
